2026 SCHOOL CAPTAINS - ANNOUNCED

Late last year, Year 5 students nominated for a school captain position in 2026. This year we returned to our announcement assembly, Friday 30th January, where each captain was revealed, and their captain shirt was presented to them.

Successful students were chosen to be a school captain for 2026 through the process last year of their personal speech given to their peers, votes from their house team members and consideration by the panel consisting of Leadership staff members, Year 5 teacher and two 2025 school captain representatives. It was a very difficult decision in some instances.

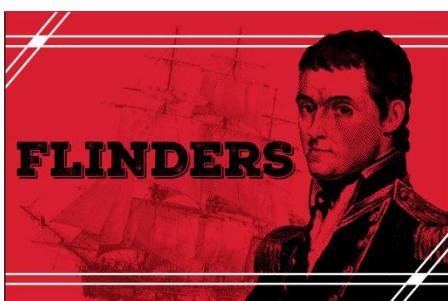

As you can appreciate the role of school captain is very prestigious and the successful captains have and will continue to display our school values and act as a positive role model for all students.

This year's School Captains are:

Aisha Shir, Briana Knight
Loyce Igiraneza, Skye Santos

Addison Millar, Ayesha Sekmani
Nelofar Nasiri, Latifa Sabiri (on trial)

Benafsha Amiri, Jade Douglass-Lee
Bashir Elnzali, Liam Jamore

Hong-An Nguyen, Arsh Khan
Elham Sultani, Luke Perkins

NAPLAN TESTING 2026 **INFORMATION FOR PARENTS AND CARERS**

NAPLAN TESTING

The National Assessment Program – Literacy and Numeracy (NAPLAN) assesses literacy and numeracy skills that are essential for every child to progress through school and life.

Students in Years 3, 5, 7 and 9 may participate in the annual NAPLAN tests in reading, writing, conventions of language (spelling, grammar and punctuation) and numeracy.

The assessment provides parents/carers and schools with an understanding of how individual students are performing at the time of the tests.

This year, the NAPLAN Online test window is in Term 1, 11th to 23rd March. Most schools in South Australia will undertake testing online, however all Year 3 students will complete the writing test on paper.

Please make sure that, if your child is in year 3 or 5, they are at school on time each day.

SUPPORTING YOUR CHILD

On its own, NAPLAN is not a test that can be studied for and students are not expected to do so. You can reassure your child that NAPLAN is just one part of their school program and remind them on the day to simply do their best.

It is not recommended that students use services by coaching providers or excessively prepare for NAPLAN testing.

Teachers will ensure students are familiar with the types of questions in the tests and provide appropriate support and guidance.

NAPLAN REPORTING

NAPLAN results are reported against proficiency standards. There is a standard for each assessment area at each year level. Proficiency standards provide clear information on student achievement. They are set at a challenging but reasonable level expected for the child at the time of NAPLAN testing, based mainly on what has been taught in previous years of schooling. Student achievement is shown against 4 levels of proficiency: Exceeding, Strong, Developing and Needs additional support.

A NAPLAN individual student report will be provided by your child's school later in the year. If you do not receive a report, you should contact your child's school.

PARTICIPATION IN NAPLAN

Students in Years 3, 5, 7 and 9 may participate in NAPLAN testing. If a child is absent on a testing day, the school may arrange for them to complete the missed test/s another time during the school's test schedule.

If a student has a disability, they may qualify for adjustments to their tests. Students with a disability that severely limits their capacity to participate, or students who have recently arrived in Australia with a non-English speaking background, may be granted a formal exemption.

There are provisions for parents/carers to withdraw their child from NAPLAN testing. Schools are familiar with this process and a decision should be made with your child's school. Speak to your principal in the first instance.

If you **do not wish** to have your child complete the NAPLAN Online test this year, please contact the school to **complete and sign an exemption form** for your child.

MORE INFORMATION

For queries about NAPLAN, speak to your child's school. You can also find information about NAPLAN testing at www.nap.edu.au.

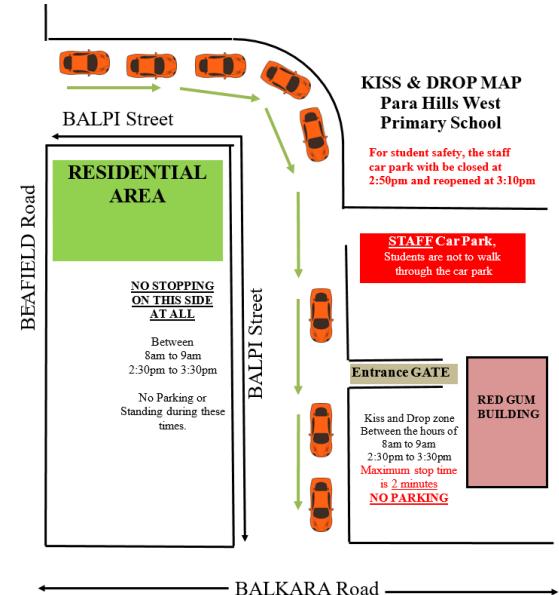

TRAFFIC SAFETY AROUND OUR SCHOOL

With the new school year just started we thought it would be a timely reminder about traffic safety around our school both in the morning drop offs and afternoon pick-ups.

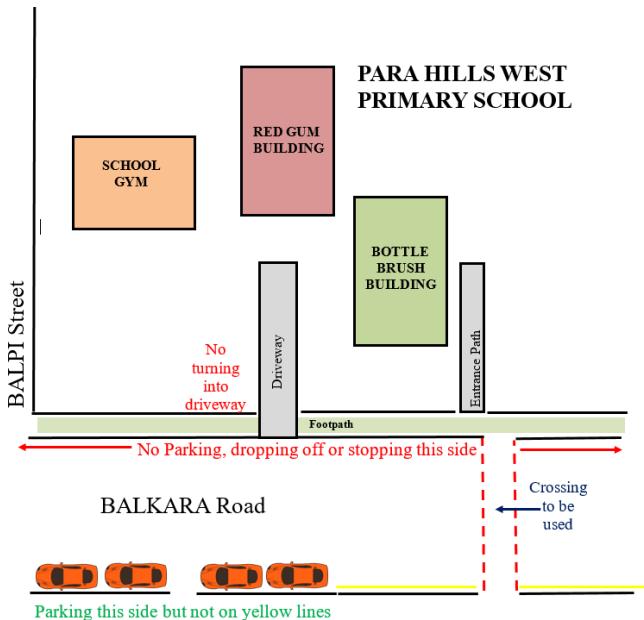

Firstly, the designated speed around school zones when students are present is 25kmh. This must be observed to ensure the safety of all children and their parents as they walk to school.

Secondly, we have only one street as a designated drop off and pick up area. This is along Balpi Street (only the school side of this road). You must remain with your car and are not permitted to stop and park your car and leave it unattended during these times 8:00am – 9:00am and 2:30pm – 3:30pm. If you wish to stop and park and walk into school with your child, you must then park your car along Balkara Road and park on the opposite side to the school. ***The entire length of Balkara Road (school side) is a no stopping and no dropping off area – school buses exempted.***

Thirdly, making U-turns along Balkara Road, especially during afternoon pick up time can be quite dangerous and can cause traffic flow issues. We request that you ***do not conduct U-Turns*** at this time as it causes many issues for the flow of traffic. We would ask that you continue to drive in the same direction and find another street to turn around on.

Fourthly, if you do park on Balkara Road we ask that you walk with your child/ren and cross at the designated crossing area to also help ensure that safety of pedestrians is met and prevents unexpected incidents / accidents involving pedestrians crossing anywhere along Balkara Road.

If we could all obey these rules then the safety of our children will be maintained.

Premier's Reading Challenge

The challenge is on again!

When you bring in your 1st completed Premier's Reading Challenge sheet to the library and hand it to me, you can choose a prize.

Happy reading everyone!

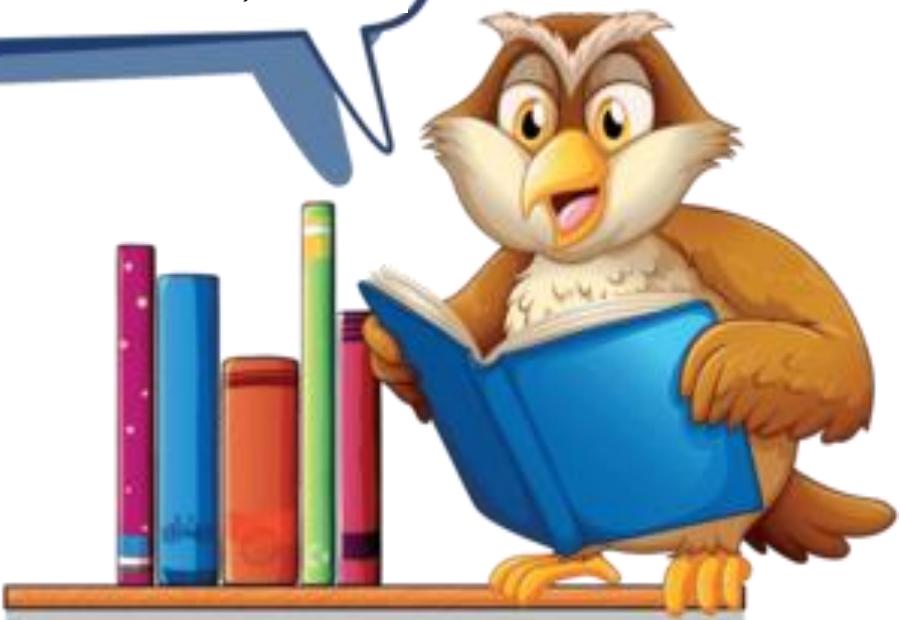

Please remember to supply a plastic/waterproof bag for your child's library bag. This will help to keep the library books safe from any liquid/food spills.

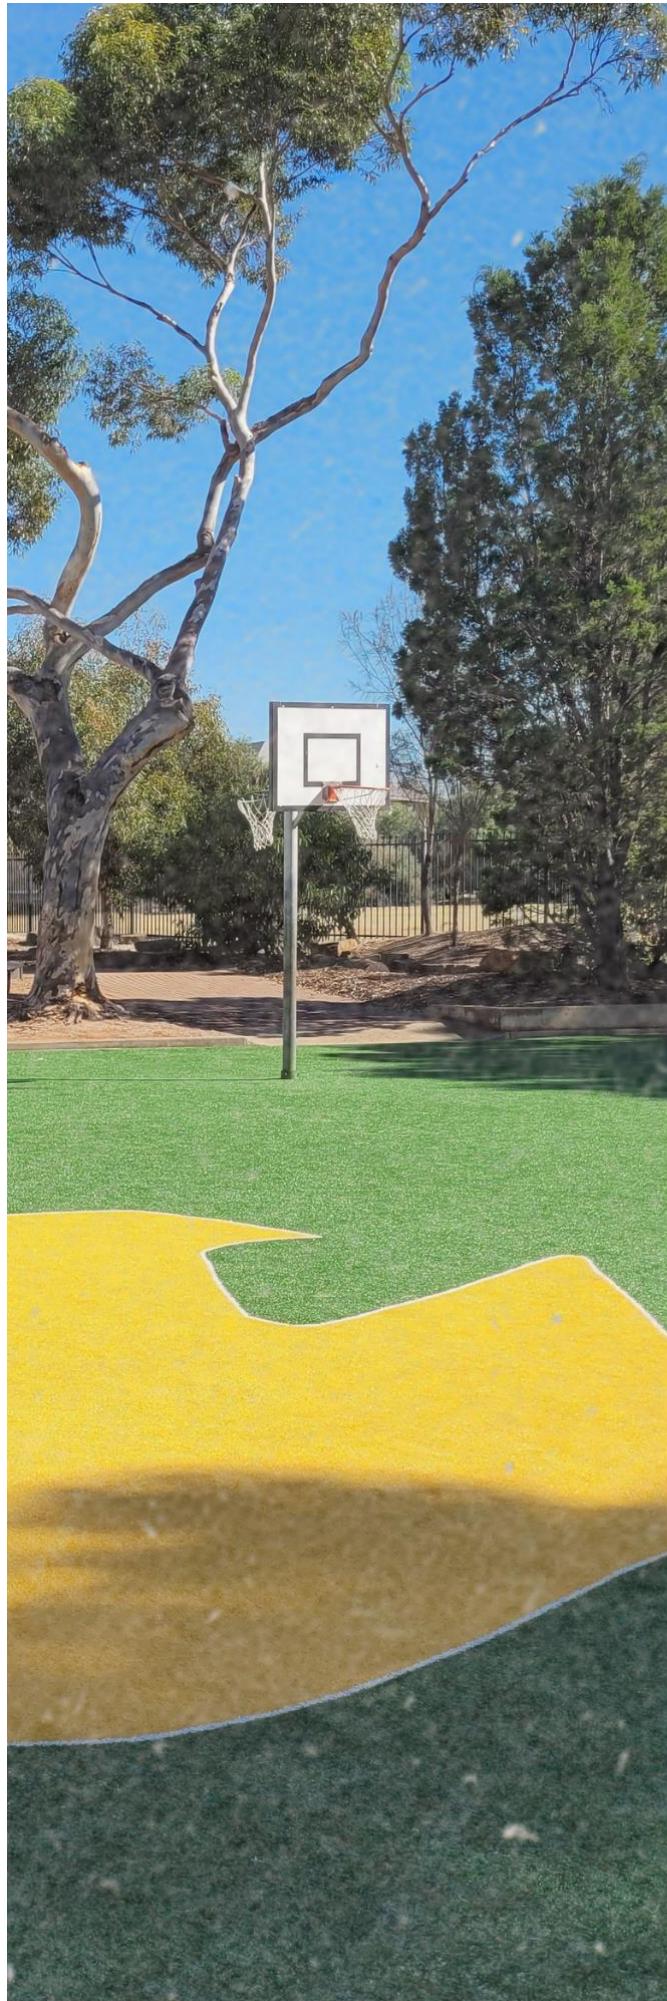

Ask your child's teacher what day they will be borrowing from the library and ensure the bag is in their school bag for that day.

If books come back damaged you may be asked to contribute to the cost of a replacement book.

Thank you June Nash - Library
