SPORTS DAY 2026

What an amazing day it was for our annual Sports Day. The weather during Sports Day was fantastic. It was great to see so many families in attendance and enjoying the day with their children and cheering on their teams. It was also wonderful to see the students support each other, not only in their own house teams but also across all teams! The day was filled with fun, engaging activities, as well as our traditional team chants & health hustles, championship sprints and of course our Teachers vs School Captains vs Parents balloon throw which the **COOK** parents won, Well done! Special thanks go out to Miss Monika Ney and the sports day committee for organising and planning a wonderful day for our students. Also a big thank you to Riley Hughes for his amazing sound system work and Ian Johnson for his continued support with his sound system. Thank you to Anita Ryall, Lisa Bruce and Linda Overall for their amazing work in the canteen. Well done to Anthony Bruce with his amazing BBQ skills for the wonderful sausage sizzle.

Thank you to all the other staff for all the extra things you did on the day to make it a fantastic day!

Also a special Thank You to the parents who helped the pack up at the end of the day. It was greatly appreciated.

The winning results on the day were as follows:

HARMONY DAY NEWS

Autism and Humanity Every Life Has Value

For 2026, World Autism Awareness Day (April 2) focuses on themes of dignity, inclusion, and moving from awareness to understanding. The United Nations theme is “Autism and Humanity – Every Life Has Value,” emphasising neurodiversity, human rights, and the inclusion of autistic people in building a sustainable, just future.

On Thursday 2nd of April students can wear casual clothes, celebrating individuality.

PARK SAFE AT SCHOOL

READ THE SIGNS

No Parking Sign:

No parking zones allow you to stop there for 2 minutes and you must be with your vehicle at all times.

No Stopping Sign:

This sign means that you cannot stop or park at all in this location. Sometimes No Stopping signs at schools also have a designated time where it is applicable. This means that during the times listed no vehicle can stop in this location, however outside of this time it is allowed.

Bus Zone Sign:

A bus zone will have signs at either end and you are not allowed to stop or park in this location unless you are driving an approved bus.

PARK SAFE AT SCHOOL

CHECK THE LINES

Continuous Yellow Line: You cannot stop, park or pick up a passenger at the side of the road that has a continuous yellow line. Yellow lines create a safe clearway, improve line of sight for drivers and help improve traffic flows and reduce traffic congestion.

Painted Island:

You cannot stop or park on a painted island. These are designed to improve traffic flow, allow entry and exits from road ways and parking areas and improve line of sight.

Solid white lines:

You cannot park within 3 meters of a solid white line. Solid white lines in the centre of the road help provide space to prevent vehicles from crossing into the other lane and ensure driver safety near intersections and bends and improve safety at intersections.

Yellow broken lines

Yellow broken lines indicate there is a restriction in that area and are accompanied by signs.

PARK SAFE AT SCHOOL

KNOW THE RULES

Parking Too Close to Intersection

You cannot park within 10 metres of an intersection or road junction that does not have traffic lights. This helps prevent obstructions and allows drivers to enter and exit roads safely without crossing on to the other side of the road and helps pedestrians see cars approaching.

Pedestrian Crossing

You cannot park within 10 metres of a pedestrian crossing. This helps prevent obstructions and allows drivers to clearly see any pedestrians and traffic control devices at the crossing.

Double Parking

You cannot stop in traffic next to another vehicle that is already parked near the kerb. This restricts traffic flow and leads to traffic congestion and also blocks the other vehicle from being able to safely exit.

Footpath Access Ramps

You cannot park across or in front of pedestrian and footpath access ramps. These are there to assist pedestrian access and allow those with mobility issues and parents with prams to safely use the pathways.

Blocking Driveway

You cannot park across or obstruct a driveway, as this prevents residents access to and from their properties.

PARK SAFE AT SCHOOL

KNOW THE RULES

Verge, Nature Strip or Reserve

You cannot park or stop on a verge, nature strip or reserve. These areas are designed for pedestrian use only. Vehicles not only damage these areas but lead to pedestrian safety concerns forcing people onto roads and limiting line of sight for both pedestrians and other road users.

Drive Safe Around Schools

Check the speed limits - School zones have a speed limit of 25 km/h at any time when a child is in the zone.

Don't queue in traffic - If you can't park the first time help reduce traffic congestion by going around the block and trying again.

Park and walk - If parking is limited by your school, help reduce the congestion and queues by parking further away and walking.
